CONVENTION AT SANDUSKY

In September and the Famous Single Taxer Will Be Temporary Chairman.

In Which Johnsonian Ideas Will Abound, If He Has His Way-Conservative Democrats Expect to Fight-Spirited Contest.

From a Staff Correspondent.

Columbus, June 11.-The Democratic state convention will be held at Sandusky, Sept. 2-3. The state central committee met yesterday afternoon and decided this. Columbus made a bid for the convention, but lost by a vote of 2 to 17.

Mayor Tom L. Johnson, of Cleveland, was elected temporary chairman of the convention by a majority of one-third of one vote. He will make the keynote speech and will dictate the platform. The Johnson element is now in the saddle, having won on most of the important propositions which came before the committee. If Johnson maintains the advantage he gained Tuesday he will compel the convention to adopt a platform which will be radical in the extreme. Among other things he will doubtless inject the single tax ideas into it.

The conservative element of the party will not consent to any radical features, which will precipitate much strife. A committee was appointed to institute legal proceedings against Secretary of State Laylin to compel him to place the name of a lieutenant governor on the ballot. The convention will nominate a candidate for this position, taking the ground that a vacancy exists.

A spirited contest took place between the McLean and Johnson forces over the vacancy on the committee caused by the death of Otto E. Young. of Massillon, representative of the order, on the ground that the committee had no authority to fill the vacancy.

The supporters of the motion declared that the rule adopted by the last state convention authorizing the than Stark, as a Stark county man central committee to fill all vacancies held the office many years. gle Taxer Will Be Temporary Chairman.

In Which Johnsonian Ideas Will Abound, If He Has His Way-Conservative Democrats Expect to Fight-Spirited Contest.

From a Staff Correspondent.

Columbus, June 11.-The Democratic state convention will be held at Sandusky, Sept. 2-3. The state central committee met yesterday afternoon and decided this. Columbus made a bid for the convention, but lost by a vote of 2 to 17.

Mayor Tom L. Johnson, of Cleveland, was elected temporary chairman of the convention by a majority of one-third of one vote. He will make the keynote speech and will dictate the platform. The Johnson element is now in the saddle, having won on most of the important propositions which came before the committee. If Johnson maintains the advantage he gained Tuesday he will compel the convention to adopt a platform which will be radical in the extreme. Among other things he will doubtless inject the single tax ideas into it.

The conservative element of the party will not consent to any radical features, which will precipitate much strife. A committee was appointed to institute legal proceedings against Secretary of State Laylin to compel him to place the name of a lieutenant governor on the ballot. The convention will nominate a candidate for this position, taking the ground that a vacancy exists.

A spirited contest took place between the McLean and Johnson forces over the vacancy on the committee caused by the death of Otto E. Young. of Massillon, representative of the Hon. C. S. Speaker, of Lisbon, states Eighteenth district. Penrose and Sibley to Be Chairmen.

Both Pennypacker and Elkin delegates held caucuses last night to agree upon a plan of action for the convention. The Watres delegates attended the Pennypacker caucus. Senator Quay made a brief speech nominating Senator Penrose for tem porary chairman of the convention.

"I congratulate the state of Penn sylvania on the happy consummation and result of the fierce struggle of the last six weeks," said Mr. Quay. "It is a struggle which produced a reorganization which will re-unite the Republicans of Pennsylvania. The result will break all factional lines and promote the nomination of a ticket which will have a majority of a quarter of a million of the electors in November next. The result of the raucus tonight denotes the result of the convention tomorrow."

Congressman Joseph C. Sibley, of Franklin, was selected for permanent chairman.

Three delegates from Lehigh, five from Luzerne, three from Northumberland and three from Lycoming were present. The delegates from Mercer, Tioga, Armstrong, Chester and Northumberland were instructed for Elkin. A solid delegation from Philadelphia was also present.

Colonel B. Frank Gilkeson, of Bucks county, presided. Colonel Gilkeson was a candidate for state chairman against Senator Quay in the memorable contest of 1895, which ended in victory for the senator. He has since Ex-Lieutenant Governor Watres, of become an adherent of the senator Scranton, practically took himself out and will vote in today's convention

#### Elkin, Reeder and Quay Quarreled.

The bitterness between the leaders of the Pennypacker and Elkin factions cropped out several times during the meeting of the Republican state committee yesterday afternoon to prepare the roll of delegates and select the temporary officers of today's state convention.

Senator Quay, the leader of the Pennypacker forces, and Attorney General Elkin, who was in personal command of his adherents, shook their fingers in each other's faces and threatened political reprisals if each vas not given fair treatment in the disposition of the contested seats in the convention.

State Chairman Reeder accused Senator Quay of making a deliberate misstatement and the senator in stantly replied that this was an insult which he resented. The vote on two propositions showed that the Pennypacker forces had a decisive majority in the committee.

Both City and Sanitarium Officials Being Accused For Frightful Affair In Chicago.

Chicago, June 11.-Yesterday's in vestigation of the causes and re spensibility for the catastrophe at the sanitarium of St. Luke's society revealed, it is declared, a tale of neg ligence on the part of officials of the sapitarium and the city.

Out of the mass of conflicting state ments concerning the disaster, one fact stands prominently forth. Had the city officials performed their duty the frightful loss of life would have been prevented. This is admitted by the officials

themselves, who endeavor, however to shield themselves by shifting the responsibility upon some department with which they are not connected. As for the officers of the St. Luke'

#### **IMPROVEMENT** DEMAND.

Upward Progress Made by Prices Tuesday, but Market Still

New York, June 11.-There was some improvement in the demand for stocks Tuesday and upward progress was made by prices, but the market was still dull and narrow to a degree that has not been equalled for the last two years until within a week. Dealings continued almost entirely in the hands of professional room traders, tut this element operated with somewhat more freedom than for several days. They were encouraged by the return to Wall street of the leader of the so-called western group of speculators, to which has been attributed all the recent important market movements. If there were operatons for the account of this group, they were not on a large scale, as is sufficiently attested by the figures of the day's aggregate dealings. There was some concentrated buying of South ern Railway, which easily led the whole market in point of activity.

Washington, June 14.-Senator danna had a long conference with the president yesterday. At the conclusion of the interview he talked freely regarding the published intenticn of Mr. Burton, of Ohio, to withdraw from the race for congress, owing to the fact that he had not been permitted to name the chairman of

#### Mistake In Message He Sent.

Senator Hanna declared that Mr. Burton never spoke to him about the matter of having a candidate of his own until last Friday morning. The election was to take place at 2 o'clock that afternoon and Senator Hanna said he sent a telegram to Cleveland asking that a compromise be effected.

"A mistake in transmission made the initials in the dispatch incorrect," continued Mr. Hanna, "and the message was regarded as a fake and no attention paid to it. But even if I had been there they would have

raid no attention to me." Senator Hanna also stated that the civil service commission had exam ined into Mr. Burton's charges that certain federal officeholders in Ohio lad taken an active part in politics and had failed to find anything in them that constituted a violation of the civil service law. As a result, the president has concluded to send let ters to the Cleveland officials censur ing them for pernicious activity in politics. With some warmth Senator

He said he was going to Ohio shortly to attend the wedding of his daughter, and that Mr. James R. Garneld, of the civil service commission, is to accompany him, the latter to pay a visit to his (Mr. Garfield's) family.

The senator scouted the idea of his falling out with the president on this matter and seemed to feel that he had been put in a false light through Mr. Burton's action.

#### BLAMED FOR THE CATASTROPHE

Both City and Sanitarium Officials Being Accused For Frightful

Affair In Chicago.

Chicago, June 11 .-- Yesterday's in vestigation of the causes and re spensibility for the catastrophe at the sanitarium of St. Luke's society revealed, it is declared, a tale of neg ligence on the part of officials of the sapitarium and the city.

Out of the mass of conflicting state ments concerning the disaster, one fact stands prominently forth. Had the city officials performed their duty the frightful loss of life would have been prevented.

This is admitted by the officials themselves, who endeavor, however to shield themselves by shifting the responsibility upon some department with which they are not connected.

As for the officers of the St. Luke'

society, they will be compelled to show by what right they operated a santtarium without a license, and ex plain the locking of delirium tremens ratients in rooms on the top floor and shackling them. At the instance # the coroner's office the president the St. Luke society and several employes, who were arrested Monday night, will be detained to await the action of the coroner's office.

#### IMPROVEMENT IN DEMAND.

Upward Progress Made by Prices Tuesday, but Market Still Dull.

New York, June 11.-There was

some improvement in the demand for stocks Tuesday and upward progress was made by prices, but the market was still dull and narrow to a degree that has not been equalled for the last two years until within a week. Dealings continued almost entirely in the hands of professional room traders, tut this element operated with some wtat more freedom than for several days. They were encouraged by the return to Wall street of the leader of the so-called western group of speculators, to which has been attributed all the recent important market movements. If there were operatons for the account of this group, they were not on a large scale, as is sufficiently attested by the figures of the day's aggregate dealings. There was some concentrated buying of South ern Railway, which easily led the

whole market in point of activity. The recent dividend increase for family. Chicago and Northwestern and Chicago, Minneapolis, St. Louis and Omaha was a continuing influence in favor of the grangers. Some special stocks were helped by individual influences. Canadian Pacific suffered from realizing.

Washington, June 14.—Senator danna had a long conference with the president yesterday. At the conclusion of the interview he talked freely regarding the published intenticn of Mr. Burton, of Ohio, to withdraw from the race for congress, owing to the fact that he had not been permitted to name the chairman of

#### Mistake In Message He Sent.

Senator Hanna declared that Mr. Burton never spoke to him about the matter of having a candidate of his own until last Friday morning. The election was to take place at 2 o' that afternoon and Senator Hanna said he sent a telegram to Cleveland asking that a compromise be effected,

if possible. "A mistake in transmission made the initials in the dispatch incorrect," continued Mr. Hanna, "and the message was regarded as a fake and no attention paid to it. But even if I had been there they would have

raid no attention to me." Senator Hanna also stated that the civil service commission had exam ined into Mr. Burton's charges that certain federal officeholders in Ohio lad taken an active part in politics and had failed to find anything in them that constituted a violation of the civil service law. As a result, the president has concluded to send let ters to the Cleveland officials censuring them for pernicious activity in politics. With some warmth Senator

of citizenship." He said he was going to Ohio shortly to attend the wedding of his daughter, and that Mr. James R. Garfield, of the civil service commission, is to accompany him, the latter to pay a visit to his (Mr. Garfield's)

The senator scouted the idea of his falling out with the president on this matter and seemed to feel that he had been put in a false light through

Mr. Burton's action. Charles Leach, collector of the port of Cleveland, and one of the men against whom Mr. Burton is said to have filed charges, arrived here yesterday morning and was in consultation with Senator Hanna before he went to the White House.

An ancient custom once universal in England on Easter Monday and Tuesday is that known as heaving, lifting or raising. On the Monday, the men's heaving day, women were raised three imes in a chair, after which they were kissed and liberated. On Tuesday the women lifted the men in the same manner, but it was usual for the men to give a small sum of money for "leave and license" to depart. In early times the practice prevailed among all ranks, and in a rell of the reign of Edward I. is a record of payment to certain ladies and maids of honor for lifting that king in his bed at Easter. #### **CLOUDS OF DUST**

Thrown by Boys Annoyed Residents And Police Were Called to Stop the Mischief.

Every resident along Pennsylvania avenue opposite Sandy bottom was angry last evening because of the actions of a gang of boys who were said to reside on Sandy bottom. These boys went to Pennsylvania avenue, and as the wind was blowing rather strong. picked up dust with their hands and threw it into the air. The wind blew the dust over all the porches on property along that part of the street, and persons sitting out were compelled to go into their houses.

The officers of the East End fire station were notified and Fireman John Spence jumped on a car and went to the scene. When he got off the car the boys made a hasty retreat for their homes and not one was to be seen during the remainder of the evening. The officers of the East End say unless there is better order in this part of the city a number of arrests will be made.

#### **EIGHTEEN NEW HOUSES**

Contract For Them Secured By One Firm and More Work In Sight.

Never was there so much building in sight in the East End as at present. A well known contractor of the East End within the last ten days has closed the contracts for building no less than 18 new houses, all of which are to be erected within the next three months. Plans are also being drawn for eight other homes to be built in that part of the city, and contracts will be let just as soon as possible.

No other part of the city is being improved as fast as the East End. It could not rightly be called a boom, for this sort of work has been progressing all spring, and will continue until fall. Some of these houses are being erected by persons residing out of the city, while others are being built by workmen employed in the East End potteries.

## EAST END

## **CLOUDS OF DUST**

Thrown by Boys Annoyed Residents And Police Were Called to Stop the Mischief.

Every resident along Pennsylvania avenue opposite Sandy bottom was angry last evening because of the actions of a gang of boys who were said to reside on Sandy bottom. These boys games. Refreshments were served late went to Pennsylvania avenue, and as the wind was blowing rather strong picked up dust with their hands and threw it into the air. The wind blew the dust over all the porches on property along that part of the street, and persons sitting out were compelled to go into their houses.

The officers of the East End fire station were notified and Fireman John Spence jumped on a car and went to the scene. When he got off the car the boys made a hasty retreat for their homes and not one was to be seen dur- P. church next Sunday. ing the remainder of the evening. The officers of the East End say unless there is better order in this part of the city a number of arrests will be made.

#### **EIGHTEEN NEW HOUSES**

Contract For Them Secured By One Firm and More Work In Sight.

Never was there so much building in sight in the East End as at present. A well known contractor of the East End within the last ten days has closed the contracts for building no less than 18 new houses, all of which are to be erected within the next three months. Plans are also being drawn for eight other homes to be built in that part of the city, and contracts will be let just as soon as possible.

No other part of the city is being improved as fast as the East End. It could not rightly be called a boom, for this sort of work has been progressing all spring, and will continue until fall. Some of these houses are being erected by persons residing out of the city, while others are being built by workmen employed in the East End potteries.

#### BIRTHDAY SURPRISE

A Pleasant Affair In Honor of the Wife of Rev. J. N. Swan.,

The ladies' missionary society of the Second Presyterian church last evening gave a pleasant surprise party at the home of Mrs. Swan, wife of Rev. J. N. Swan, of the East End. About 40 persons were present and the even- duties. ing was spent in a most enjoyable manner. A number of presents were given to Mrs. Swan, it being her 69th Reuben Hull as deputy inspector of \$400. birthday anniversary. A substantial purse was also presented to the aged couple.

# FIRE AND GREAT EXCITEMENT ACCOMPANIED BY EXPLOSION

Christian Metsch, of This City, and His Son Suffer a \$50.000 Loss.

THE ELMORE FLOURING MILL give complete satisfaction.

Completely Destroyed, Men in the Building Narrowly Escaping. :

THEY LEAPED FROM A WINDOW

After Nearly Suffocating, and Anxious Friends Thought That They Had Been Killed-Not Likely the Mill A Resident of East Liverpool 53 Years Will Be Rebuilt.

Christian Metsch, of Fourth street, received word yesterday afternoon from his son, J. G. Metsch, in Elmore, O., stating that a flour mill belonging to them had been destroyed by fire which was followed with a terrible explosion, caused by the accumulation of dust in a flour conveyor. The explosion occurred without warning and many employes narrowly escaped this city, of which the deceased was doomed building several jumped from Riverview. the second story windows and were badly shaken up.

Mr. Metsch was not injured, he being on the first floor and having ample time to escape. Several adjacent frame buildings were also destroyed by fire. The mill was considered the leading industry of the town, which is located 13 miles south of Cleveland. The capacity, of the mill was 250 barrels per day and it was valued at \$50,-It was partially insured, but the loss will be heavy. Mr. Metsch and son think that they will not rebuild

The fire started about 8 a. m. and in a short time it was beyond control The building was erected and equipped in 1882 at a cost of \$50,000, and when it burned was well stored with flour and grain. One carload of flour standing on the railroad switch close to the mill was destroyed.

Smoke and flames burst from the escaped by jumping from an upper story window.

J. F. Anschutz was at Elmore when the fire in the mill was discovered. He was standing across the street when he noticed a little curl of smoke issue from a top window. Calling the attention of Lcu Jeremy, a shoe dealer, he ran over to the mill and, with six others, started up to the spot where the fire was supposed to be. They dia not think that it amounted to much at that time. The men had reached the second floor when the explosion occurred. They were crowded into a small space and naturally they became greatly confused. West Point is a century old this month and the celebration of the important event beginning June 9 lasts four days. Colonel Mills is now superintendent of the military academy. A picture of the proposed academic building at West Point is given above. Two cadets were admitted to West Point in May, 1800, before it was officially in operation, but the academy was not formally opened until June 4, 1802. The first cadet admitted was Joseph Gilbert Totten, aged 14, who passed a creditable examination in "the elements of arithmetic, vulgar and decimal; in English grammar and in penmanship and was duly admitted," as the records state.

#### CONVENTION AT SANDUSKY

In September and the Famous Single Taxer Will Be Temporary Chairman.

RADICAL PLATFORM EXPECTED

In Which Johnsonian Ideas Will Abound, If He Has His Way-Conservative Democrats Expect to Fight-Spirited Contest.

From a Staff Correspondent.

Columbus, June 11.-The Democratic state convention will be held at Sandusky, Sept. 2-3. The state central committee met yesterday afternoon and decided this. Columbus made a bid for the convention, but lost by a vote of 2 to 17.

Mayor Tom L. Johnson, of Cleveland, was elected temporary chairman of the convention by a majority of one-third of one vote. He will make the keynote speech and will dictate the platform. The Johnson element is now in the saddle, having won on most of the important propositions which came before the committee. If Johnson maintains the advantage he gained Tuesday he will compel the convention to adopt a platform which will be radical in the extreme. Among other things he will doubtless inject the single tax ideas into it.

The conservative element of the party will not consent to any radical features, which will precipitate much strife. A committee was appointed to institute legal proceedings against Secretary of State Laylin to compel governor on the ballot. The convention will nominate a candidate for this position, taking the ground that a vacancy exists.

A spirited contest took place between the McLean and Johnson forces over the vacancy on the co caused by the death of Otto E. Young, of Massillon, representative of the Hon. C. S. Harrisburg, June 11 .- The Repub lican state convention convenes here today. Following was the situation last night:

Judge Samuel W. Pennypacker, of Philadelphia, will probably be the nominee for governor.

Ex-State Senator William M. Brown, of New Castle, will be nominated for lieutenant governor.

Major Isaac B. Brown, of Erie, will be the candidate for secretary of internal affairs.

Senator Quay expected to succeed General Frank Reeder, of Easton, as chairman of the Republican state committee and conduct the campaign this fall.

Attorney General John P. Elkin, of Indiana, was still battling for the comination for governor, but his most sanguine adherents coincided Pennypacker's nomination. Elkin said last night he would stay in the fight to the finish and that his name would surely be presented in the conven-

Beth City and Sanitarium Officials Being Accused For Frightful Affair In Chicago.

Chicago, June 11 .- Yesterday's in vestigation of the causes and re spensibility for the catastrophe at the sanitarium of St. Luke's society revealed, it is declared, a tale of neg ligence on the part of officials of the sapitarium and the city.

Out of the mass of conflicting state monts concerning the disaster, one fact stands prominently forth. Had the city officials performed their duty the frightful loss of life would have been prevented.

This is admitted by the officials themselves, who endeavor, however to shield themselves by shifting the responsibility upon some department with which they are not connected. As for the officers of the St. Luke'

society, they will be compelled to show by what right they operated a sanftarium without a license, and ex plain the locking of delirium tremens patients in rooms on the top floor and shackling them. At the instance & the coroner's office the president the St. Luke society and several employes, who were arrested Monday night, will be detained to await the action of the coroner's office.

#### IMPROVEMENT IN DEMAND.

Upward Progress Made by Prices Tuesday, but Market Still Dull.

New York, June 11.-There was some improvement in the demand for stocks Tuesday and upward progress was made by prices, but the market was still dull and narrow to a degree that has not been equalled for the last two years until within a week. Dealings continued almost entirely in the hands of professional room traders, tut this element operated with somewt.at more freedom than for several days. They were encouraged by the return to Wall street of the leader of the so-called western group of speculators, to which has been attributed all the recent important market movements. If there were operations for the account of this group, they were not on a large scale, as is sufficiently attested by the figures of the day's aggregate dealings. There was some concentrated buying of South ern Railway, which easily led the whole market in point of activity.

The recent dividend increase for Chicago and Northwestern and Chicago, Minneapolis, St. Louis and Omaha was a continuing influence in favor of the grangers. Some special stocks were helped by individual influences. Canadian Pacific suffered from realizing.

Yesterday's money market was rather easy, despite some demand for call loans for stock exchange purposes and in face of a sub-treasury absorption since last Friday of nearly \$1,500,000. The traders were inclined to take

a hopeful view of the prospect of operations and earnings by the companies. The market closed dull and steady The bond market was dull and narrow, with an irregular movement in

#### DECLARED WHOLE THING ABSURD

Civil Service Commission Failed to Find Violation of Law-He Sent Message Asking Compromise, but Mistake Made It Thought a Fake.

Washington, June 14.-Senator danna had a long conference with the president yesterday. At the conclusion of the interview he talked freely regarding the published intenticn of Mr. Burton, of Ohio, to withdraw from the race for congress, owing to the fact that he had not been permitted to name the chairman of the district committee.

"I do not want to criticize Mr. Bur ton," said the senator, "but I do not believe his charges are well founded. nor do I want to make that subject a national matter. The whole thing is

absurd."

Senator Hanna declared that Mr. Burton never spoke to him about the matter of having a candidate of his Straw hats in every new shape, in own until last Friday morning. The election was to take place at 2 o'clock that afternoon and Senator Hanna said he sent a telegram to Cleveland asking that a compromise be effected,

if possible. "A mistake in transmission made the initials in the dispatch incorrect," continued Mr. Hanna, "and the message was regarded as a fake and no attention paid to it. But even if I had been there they would have

paid no attention to me." Senator Hanna also stated that the civil service commission had examined into Mr. Burton's charges that certain federal officeholders in Ohio lad taken an active part in politics and had failed to find anything in them that constituted a violation of the civil service law. As a result, the president has concluded to send letters to the Cleveland officials censuring them for pernicious activity in politics. With some warmth Senator

#### Hanna said:

Officeholders Still Citizens. "The mere fact that a man holds public office does not necessarily mean that he should resign his rights

of citizenship." He said he was going to Ohio shortly to attend the wedding of his daughter, and that Mr. James R. Garneld, of the civil service commission, is to accompany him, the latter to pay a visit to his (Mr. Garfield's) family.

The senator scouted the idea of his falling out with the president on this matter and seemed to feel that he had been put in a false light through Mr. Burton's action.

Charles Leach, collector of the port of Cleveland, and one of the men against whom Mr. Burton is said to have filed charges, arrived here yesterday morning and was in consultation with Senator Hanna before he went to the White House.

#### An Ancient Easter Custom.

An ancient custom once universal in England on Easter Monday and Tuesday is that known as heaving, lifting or raising. On the Monday, the men's heaving day, women were raised three imes in a chair, after which they were kissed and liberated. On Tuesday the women lifted the men in the same manner, but it was usual for the men to give a small sum of money for "leave and license" to depart. In early times the practice prevailed among all ranks, and in a roll of the reign of Edward I. is a record of payment to certain ladies and maids of honor for lifting that king in his bed at Easter. The usage commemorated the resurrection of our Lord .- London Standard.

Not being sure that he recognized the boy the proprietor said to him: "! believe your mother is a widow. Isn't she?' To have seen the actions of the boy when asked that question would have made you tremble from laughter. His face turned as red as an apple and he hotly retorted, at the same time throwing the nails down on the counter, 'Take your darned old nails. #### EAST END \*\*\*\*\*\*\*\*\*\*\*\* **CLOUDS OF DUST**

Thrown by Boys Annoyed Residents And Police Were Called to Stop the Mischief.

Every resident along Pennsylvania avenue opposite Sandy bottom was angry last evening because of the actions of a gang of boys who were said to reside on Sandy bottom. These boys went to Pennsylvania avenue, and as the wind was blowing rather strong, picked up dust with their hands and threw it into the air. The wind blew the dust over all the porches on property along that part of the street, and persons sitting out were compelled to go into their houses.

The officers of the East End fire station were notified and Fireman John Spence jumped on a car and went to the scene. When he got off the car the boys made a hasty retreat for their homes and not one was to be seen during the remainder of the evening. The officers of the East End say unless there is better order in this part of the city a number of arrests will be made

Plans are also being drawn Sunday. A good program is being prefor eight other homes to be built in pared. that part of the city, and contracts will be let just as soon as possible.

No other part of the city is being improved as fast as the East End. It could not rightly be called a boom, after a short visit to relatives in East acres in Perry township \$4,000. for this sort of work has been progressing all spring, and will continue until fall. Some of these houses are being erected by persons residing out of the city, while others are being teacher, from Beaver or Beaver Falls, built by workmen employed in the East End potteries.
